What is pH Miracle Water?

Dr. Young has combined nature's best of tradition with his latest scientific research and technology to provide the world with a stable high quality electron rich alkaline water called pH Miracle Water. pH Miracle Water is the first stable structured alkaline rich water with a constant pH of 9.5 and an Oxidation Reduction Potential (ORP) or electrical potential of -250 mV.

What is Oxidative Reduction Potential?

The Oxidation Reduction Potential is the electrical potential or slow down rusting, rotting, fermentation and decay (oxidation) represents the reduction capacity to attract active oxygen in life. The optimum levels for the human body is between -15 ORP is also closely related to pH levels. When the pH increases also increase. Because the human body is organized energy electricity or electrons, pH Miracle Water offers a stable ORP of 9.5 to help oxygenate, alkalize and energize your body.

Drink Ionized Water for Life

Ageless & Free

1. Balance Your pH:

The more acidic your body fluids; the higher the risk for ill health, cancer and diabetes. By drinking alkaline ionized water, you can reverse the negative effects of acid in your body.

Mild acidosis causes such problems as:

- Cardiovascular disease
- Acid reflux
- Immune deficiency
- Free radical damage
- Osteoporosis: weak, brittle bones, hip fractures & bone spurs
- Joint pain, aching muscles
- Low energy
- Chronic fatigue
- Diabetes

pH Miracle Water™ has the highest alkaline level on the market - up to 9.5 on the pH scale.

Love Your Body

2. Lose Weight:

The pH of your blood must be 7.365 at all times. To maintain this level, the body moves and stores excess acid in fat cells. In the acidic person, the body cannot afford to burn fat since it would release this stored acid into the system, thereby putting blood and tissue pH out of balance.

3. Anti-aging:

pH Miracle Water™ is infused with anti-oxidants and 65 minerals that help maintain youthfulness and vitality.

The Essence of Life

4. Hydrating:

Ionized structured pH Miracle Water™ reduces the size of the water molecule clusters allowing the molecules to pass through your tissues more easily for hydrating the body.

Cleanse from Within

5. Detoxify:

Alkaline ionized pH Miracle Water™ works on a cellular level; it causes the waste products accumulated in the cell to be removed from the system via perspiration or urine.

Enjoy Your Life

6. Aids in Digestion:

The traditional medical view is that overproduction of acid is the major problem. Most prescription medicines are directed at decreasing stomach acid. Instead of drugs, drink alkaline ionized water to neutralize the acid.

Seize the Energy

7. Energizing:

"The body runs on electrons not calories. As you increase the electrons in the food and drink you take in, you will have more energy. pH Miracle Water™ is loaded with electrons, thus energy."

Take the Alkaline Challenge!

Test your favorite water or drink to find out its pH value. Beverages below 7.365 pH level can damage your health.

- Take control of your life.
- Raise your pH with alkaline ionized water.
- The choice is yours.
- Go Alkaline!

Directions: Put a small amount of your favorite water or drink in an open container. Dip the strip into the liquid for a second. Watch the color on the pH scale to get your results. Strips can also be used to test your saliva or urine to discover your own internal pH level.

Alkalize & Ionize Now! Drink pH Miracle Water™!

Are your beverages bringing you down?

Acidic foods and beverages can literally be more damaging to your body than some drain cleaners. Acidity causes free radical damage, bone and mineral loss and ultimately bodily harm at the cellular level.

By drinking alkaline ionized water you can improve your health. In addition to having one of the highest levels of pH on the market, pH Miracle Water™ is infused with 65 natural anti-aging minerals and antioxidants from the most pristine sources which are carefully preserved in glass bottles.

"Health is your single most valuable asset. Drink alkaline ionized water to boost your vitality and enjoy your treasures!"

CELLULAR PHONE RADIATION SHIELD

RADShields WAVE DEFENSE Electromagnetic RADShields Wave Defense for Cellular Phones

RADShields WAVE DEFENSE is a powerful electromagnetic wave defense for cellular phones. **RADShields WAVE DEFENSE** blocks up to 97% of the electromagnetic radiation waves emitted from the earpiece of a cellular phone, which may reach the brain through the ear without affecting the quality of transmission.

Recent Studies indicate that dizziness, headaches, blurring of vision, short-term memory loss, fatigue and many other symptoms as well as 'hot phones' may be closely related to electromagnetic radiation from cellular phones.

Research by other scientists indicates that prolonged use of cellular phones may cause hot-spots to develop inside the brain, causing damage which could lead to Alzheimer's disease or cancer (brain tumor).

Tested and proven by
Global Certification Lab, U.S.A.
Kansai Electronic Center (KEC), JAPAN

Free yourself today with the RADShields WAVE DEFENSE from radiation risks you may face when using a cellular phone!

Without Protection
Electromagnetic radiation may enter the brain when using a cellular phone without protection

With RADShields WAVE DEFENSE
Electromagnetic radiation is blocked from the brain when the RADShields WAVE DEFENSE is attached to your cellular phone.

Natural Vibrant Cleansing using the principles of Holistic Medicine

Science
Vitamin and Mineral Antioxidants are the power to create powerful cleansing bubbles without the need of fluoride toothpaste and alcohol mouthwash. The process is called ionization. The cleansing bubbles release minerals to clean like the dentist and vitamins that are absorbed to produce healthy gums.

Results
Natural clean vibrant shining teeth.
Vibrant healthy pink gums with healthy stippled texture.

Wealthiest consumers see down market as "OPPORTUNITY"

"The Annual Survey of Affluence and Wealth in America," produced for American Express by The Harrison Group, reports good news for luxury homeowners who are planning to sell. While the average American may look gloomily at the nation's bleak housing statistics, the wealthy consumer sees opportunity. Seventy nine percent of those who earn more than \$100,000 annually believe that the U.S. is in a recession, but 88% believe that property values will rebound.

the POWER of VIDEO

People remember only 20% of what they hear and only 30% of what they see, but an incredible **70% of what they hear and see!** It's no surprise then *video* has become a *must have* marketing tool in many online industries. Real estate is no different. Videos create a story and a stronger emotional response than pictures or text. If you want your property to shine make it the star of the show. I will produce a professional video that will make your property shine and make it the star of the show.
